** Spreading the 23 hours over the 51 weeks of the year equates to 1173 hours per year. Thus there is a shortfall of 33 non funded hours as we can receive 1140 hours maximum per child per annum. You can choose for your child/ren to remain at the nursery for the full 51 weeks and pay the 33 non funded hours as per our fee structure. If you do not need the additional hours which equates to 1 week and 1 full day above those being funded it is possible to withdraw your child from Croft Corner having given the appropriate notice period and thus will not be charged for the additional 33 non funded hours. This can be done in the last two weeks in August. No other holiday weeks will be available.
